Dear Gary,

As you see to have anticipated, I've never kept a list of my appearances.

I think I sent you the president's comment, that it was their most successful meeting, when I was the chief speaker at the Ohio AP editor's convention in 1967. I think it was the first time they had a speak or less than sub-cabinet level and, as I recall, the state attorney general was the second-spot speaker.

Civic groups without possibility of recall or counting, from religious to chambers of commerce.

Colleges, aside from Minn.: Wisconsin (Madison and Milwaukee); UCLA; Berkeley; San Francisco State; Univ. La. at N.O.; U of Md. (twice); Vermont; Hobart; Trinity (Hartford, Conn.); San Diego State and Univ San Diego; and probably others, but I do not now recall.

Also, 1968 East Coast Conference on American Civilization (selected gifted students, seminars).

At least several hundred TV and radio shows.

By the way, the King/Ray thing will soon be getting hot. My work has become the basis of the appeal for a trial and a hearing is set soon. Although I've decided to do a book on the personal aspect for a major house afraid of the essence, I've also supplied him with counsel-but have never had any direct communication with him and as I've probably told you, I've won a precedent at lawsuit vs the federal government and gotten some of the suppressed evidence. I'll be using this in appearances but haven't made slides yet.

Please do not lose my pictures. I've sent you all + have.

Sincerely,

Harold Weisberg
